Youth Worker Coaching Cohort

Fact Sheet

PURPOSE OF THE COACHING COHORTS

Spark Vision

Ministry can be tough. We face seasons of rapid change, high demand and mental, emotional and spiritual strain that take energy and insight that we find hard to muster at times. However, an effective coach will serve as a catalyst for you to find fresh perspective and to reinvigorate your vision for ministry.

Expand Networks

The cohort gives you access to people with real ministry experience. Your coaches bring decades of diverse, high level ministry experience. Additionally, your fellow participants bring unique perspective from a variety of youth ministry contexts. In the cohort you'll find friends and allies who will play a significant role in helping you achieve your goals.

Deepen Strategy & Competence

Youth ministry today is complex. We also believe that God has chosen you for this very moment. The coaching cohort will put strategic tools in your hands to fulfil your calling and to have transformative impact wherever God plants you.

OVERVIEW

The coaching cohort will leverage three unique experiences that will help you assess the strength and impact of your ministry, grow skills, set goals and discover what God might have in store for your ministry.

Leader Labs – Each month you'll have access to industry leaders – authors, researchers, practitioners and specialists– who will share cutting edge insights that will give you a high level view of youth ministry globally and on the ground at home.

Team Coaching – You'll connect monthly with a team of frontline youth workers and our coaching team to process key issues in youth ministry. It will expand your network and give you practical tools to apply in your context.

One on One Coaching – Participants consistently share that access to a coach has been exactly what they needed to find fresh life and vision in their ministry. Whether you need space to process hard ministry experiences or need someone to ask a timely question to open a fresh perspective, your time with a personal coach will help you find what you need most.

WHO SHOULD JOIN

Whether you've been in youth ministry for decades or you're just starting there is a cohort tailored just for you! Coaching Cohorts provide inspiration for leaders who feel stuck, tired or alone. They are also for those who are looking to leverage great ideas, network and grow their ministries. If you are looking to take a forward step in youth ministry this is for you!

WHY JOIN A COHORT

Coaching Cohorts offer a unique experience that is proven to have a lasting impact. We believe the time you will invest will come back exponentially!

Perhaps you've felt this:

Imagine you're running on a treadmill... If your goal is to travel forward the energy you're exerting might not actually get you there. A coaching cohort can help you discover the insight that taking one step to the side (off the treadmill) means you can capture all the energy you're expending to get you to where you're called to go!
